ETHSydney Hackathon 2024

ETHSydney is the premier Ethereum community in Australia. We are planning a Hackathon as a part of the Road to DevCon Asia-Pacific region. The Hackathon will be attracting top developers, innovators, and thought leaders in the blockchain space. ETHSydney's Hackathon offers unparalleled opportunities to grow and nurture the Australian Ethereum developer community. Partnering with ETHSydney Hackathon is a great way to get brand exposure, and engagement with the Ethereum community in Australia and globally.
